Central One Bataan PH Inc.

Data Support 1

Specialize in data entry, data analysis, and data review. My primary responsibilities include accurately inputting and managing data, conducting thorough analyses to extract valuable insights, and performing detailed reviews to ensure data integrity and consistency. By leveraging my skills,

2022-2023

LGUSuite

Enumerator

Responsible for collecting and compiling data through direct interactions with residents. My primary role involves conducting surveys and visits to gather comprehensive information that contributes to the creation of detailed demographic and economic profiles of citizens. This process includes designing and administering surveys, interviewing participants, and accurately recording responses. Ensure the reliability and accuracy of the data collected, which is crucial for demographic studies, policy-making, and economic planning.
